

### **“Korea Hold” Email Notification List Instructions**

Families who wish to be notified should the Korea program re-open to new applicants in the future may subscribe to an email list.

Subscribe by sending an email to [Korea@whfc.org](mailto:Korea@whfc.org) with “Korea Hold” in the subject line.

The notification list is not a waiting list nor will updates be issued to subscribers. If Wide Horizons re-opens applications for Korea, we will notify the subscribers on this list at that time. Current applicable eligibility guidelines will also be provided.

It is the responsibility of the subscriber to maintain a current email address on the notification list. Should your email address change, please submit a new request to [Korea@whfc.org](mailto:Korea@whfc.org).
